

# Oxygen

Hoku

Baby tell me is this good for you  
Cause for it's a dream come true  
I think about you both day and night  
If this is wrong I don't care if I'm right

Cause I know one thing's for certian  
Boy I'm not hurtin' for inspiration  
And I feel when we're together  
It could be forever and ever and ever and ever

I wanna be the ocean to your shore  
Give you comfort evermore  
I wanna be the only thing you need  
Be the oxygen you breath

Is this as good as I think it is  
Cause I can feel it boy when we kiss  
And there's nothing more  
That I would ever ask for  
Than to be with you-just to be with you

Cause I know one thing's for certian  
Boy I'm not hurtin' for inspiration  
And I feel when we're together  
It could be forever and ever and ever and ever

I wanna be the ocean to your shore  
Give you comfort evermore  
I wanna be the only thing you need  
Be the oxygen you breath

What you give you will recive  
So baby bring it all to me  
I will warm you like the sun  
I always knew you were the one, yeah

I wanna be the ocean to your shore  
Give you comfort evermore  
I wanna be the only thing you need  
Be the oxygen you breath

I wanna be the ocean to your shore  
Give you comfort evermore  
I wanna be the only thing you need  
Be the oxygen you breath

I wanna be the ocean to your shore  
Give you comfort evermore  
I wanna be the only thing you need  
Be the oxygen you breath
