

## We Will Follow The Sun

Hoku

Baby hear me  
When I tell you that I love you  
You give me reasons  
To be always thinking of you  
Day or night, night or day  
It doesn't matter  
You give me hope  
You got me dreaming of forever

[Chorus:]  
We will follow the sun together  
Will this love of ours last forever  
Who knows  
But until that day comes  
We will follow the sun

Baby hear me  
When I tell you that I need you  
And I'm not saying this  
Only just to please you  
You and me together baby  
That's where it's at  
It's the way that I feel  
It's as simple as that

[Chorus]

Faith is just a sunrise away  
I love you more my baby  
With every new day  
He loves me -- he loves me yeah
