We Will Follow The Sun

Baby hear me When I tell you that I love you You give me reasons To be always thinking of you Day or night, night or day It doesn't matter You give me hope You got me dreaming of forever

[Chorus:] We will follow the sun together Will this love of ours last forever Who knows But until that day comes We will follow the sun

Baby hear me When I tell you that I need you And I'm not saying this Only just to please you You and me together baby That's where it's at It's the way that I feel It's as simple as that

[Chorus]

Faith is just a sunrise away I love you more my baby With every new day He loves me -- he loves me yeah Hoku
