

## Phonebill Song

Hole

She's a bimbo playing on the damn phone

I can really fuck you up, yeah  
Because I'm the demon buttercup  
You have to spit to see the shine  
I see the carcass in your eyes

Before I go to sleep  
Get it away from me

See the demon whore has eyes  
Well, everything you look at dies  
I gotta run up the phone bill  
Because I'm a loser buttercup, uh-huh

Before I fall in too  
Baby, I don't owe you

I could really suck you in  
And you'll never see the light again  
I gotta run up your phone bill  
Because I'm a loser buttercup, uh-huh

Oh, I just want more  
Baby, I just get bored
