

Don't Close Your Eyes

Holiday Parade

You say you like the rain,
When it's pouring down outside
the window as you lay
Even though now's not the time,
I can't wait a minute longer
I just gotta see you tonight.

I say "Don't close your eyes, don't close your eyes"
It's bigger than you, bigger than me,
bigger than something we can see
and I don't want to let it go yet.
It's better we go, better we leave
Better we get out before we see,
the world won't wait for you baby.

You know I miss the way
your lips taste like vanilla,
almost every single day.
You'll go leave me all untwined
My head just won't stop spinnin'
Runnin' circles in my mind

I say "Don't close your eyes, don't close your eyes"
It's bigger than you, bigger than me,
bigger than something we can see
and I don't want to let it go yet.
It's better we go, better we leave
Better we get out before we see,
the world won't wait for you baby.

A phone call away I won't let myself fall
again I won't try. If all ends tonight,
Just promise you won't ever close your eyes.
I won't let you because I don't know how.
I won't let you unless I come along too.

It's bigger than you, bigger than me,
bigger than something we can see
and I don't want to let it go yet.
It's better we go, better we leave
Better we get out before we see,
the world won't wait for you baby
