

Baby That's All

The Hollies

The night turns to dawn
You're there by my side
You showed your love
Baby, that's all
Baby, that's all

You're all that I want
For my love you were made
Please say to me
"Baby, you're all, all that I want"

Say you love me come on home now
Tell me that you're mine
Keep me for your own now
And I will love you all the time
Ahh-ah-ah-ahh

Baby, that's all
Baby, that's all

Say you love me come on home now
Tell me that you're mine
Keep me for your own now
And I will love you all the time
Ahh-ah-ah-ahh

The night turns to dawn
You're there by my side
You showed your love
Baby, that's all
Baby, that's all
Baby, that's all
