Blue in the Morning

The Hollies

I'm gonna be blue in the morning
I'm gonna be blue in the morning
Soon as I saw the look in her eyes
Should known it was over over

I'm gonna be blue in the morning
'Cause I can't take a warning
See a girl and fall in love
With just a pretty face so easy easy

God help me don't wanna be
Don't wanna be a loser
Loser no more
Please help me help me to see
Help me to see the chooser
Chooser for sure

I'm gonna be blue in the morning
I'm gonna be blue in the morning
Soon as I saw the look in her eyes
Should known it was over over
