

Burn Out

The Hollies

Jimmy's outside with his motor engine hummin'
Sent me along to see if you were comin'
Out onto the highway gonna break the city limits
Jimmy's gettin ready gonna put his foot in it
Soft shoe Louie drinkin with his floozy Sue
Got the invitation the burn out's due

I'd be a rebel when I'm good and ready
Headin for the bar
Tell Jimmy to cool it
But not to go too far

Burn out on highway nine
There's gonna be a burn out on highway nine

Louie and Jimmy didn't know about the plan
Cops out on the highway
Gonna take the job at hand
Been hidin out for Louie gonna get him canned
Gonna catch him in the action
He's gonna wanna make a stand

Jimmy's impatient wants to burn on rubber
He's gotta wait for Louie
Cause there ain't no other
The undisputed king of the road said "Jimmy, I'm ready You better shift your
load"

Burn out on highway nine
There's gonna be a burn out on highway nine
C'mon and get it, boy

Louie and Jimmy's out to have a fight
Shakin hands with the man below
Stokin' out the flames
Flames burnin' higher
One of them has gotta go
One of them has gotta go

Highway nine and they're starting to roll
Jimmy's hearts thumpin
Blood runnin cold
Louie looks over and gives a sly smile
Says look in your mirror boy
Cops are behind
Get a move on Jimmy
You're fallin for the trap
There's only one winner
The loser takes the rap
Well, Bye bye Jimmy,
Don't wait for me inside
I'm goin back to floozy Sue
And thanks for the ride

Burn out on highway nine
There's gonna be a burn out on highway nine
Burn out on highway nine

There's gonna be a burn out on highway nine
