

Come on Home

The Hollies

I'm telling you
I'm telling you
I'm telling you to come on home

I've been told many times about you
About your lies that you've never been true
Now I found out
You left here on your own
Now I found out

But

I'm telling you
I'm telling you
I'm telling you to come on home

In the future darling be true
How many times has this happened to you But

I'm telling you
I'm telling you
I'm telling you to come on home

C'mon baby now
