Don't Even Think About Changing

When people put you down It's cause they're jealous of you They shouldn't make you frown You know as well as I do

It's cause I love you For the things you do for me One day they'll realise And wish that they were me

One thing I know for sure We both get satisfaction That's why they're mad at us 'Cos they ain't got what we got

It's 'cos I'm happy For the things you do for me One day they'll realise And wish that they were me

Don't even think about changing You've got a life of your own

Don't even think about changing You've got a life of your own

Why don't they understand Our feelings are sincere One day they'll be surprised Because we are so near

To all the things they tried To be when they were young That's why they don't agree And take it out on us It's cause I'm happy For the things you do for me One day they'll realise And wish that they were me

It's cause I'm happy For the things you do for me **The Hollies**
