Don't Give Up Easily

The Hollies

If a foolish fool like me Can read you easily Then something must be wrong

Something's different when we speak It seems the past few weeks
Our love's not been so strong

Lovers have always had this problem Ask anyone, you'll see We've got to hang on til it passes Don't give up easily

If we say what's on our minds, We'd save a lot of time Don't give up easily

I know you're feeling bad Sometimes I make you sad But when you're feeling sad, I'm feeling just as bad

During the good times it's so easy You are in love like me Sometimes we feel we want to leave it Don't give up easily

If we say what's on our minds, We'd save a lot of time Don't give up easily Ask anyone, you'll see They'll say the same as me Don't give easily
