

# Don't You Know

The Hollies

Don't you know it's just a matter of time  
Say that you will stay by my side

That your love for me has got be real  
You just got to know that's how I feel

You don't know what I know  
Don't you feel what I feel  
When I hold you tight  
When I hold you tight

That your love for me has got be real  
You just got to know that's how I feel

Don't you know what I know  
Don't you feel what I feel  
When I hold you tight  
When I hold you tight

Can't you see you're no longer mine  
You're no longer mine  
You're no longer mine
