

Let Love Pass

The Hollies

Don't look back
Don't turn around
Keep straight ahead
I won't cry
If you say this is it
Hurts so bad
Leave me alone
Time to move on
There's the door
If you say this is it

Just walk away
Tell me goodbye
If that's what you want
Don't tell me why
It's not ok
But that's your choice
Let love pass you by

Please don't call
Somewhere in time
When you're all alone
What's gone is gone

Just walk away
Tell me goodbye
If that's what you want
Don't tell me why
It's not ok
But that's your choice
Let love pass you by

Maybe someday when you're searchin for somethin
You'll realise what you've thrown away
Then I'll be long gone so don't try and hold on
There's no lookin back for today

Just walk away
Tell me goodbye
If that's what you want
Don't tell me why
It's not ok
But that's your choice
Let love pass you by

Let love pass you by
