

# Let Love Pass

The Hollies

Don't look back  
Don't turn around  
Keep straight ahead  
I won't cry  
If you say this is it  
Hurts so bad  
Leave me alone  
Time to move on  
There's the door  
If you say this is it

Just walk away  
Tell me goodbye  
If that's what you want  
Don't tell me why  
It's not ok  
But that's your choice  
Let love pass you by

Please don't call  
Somewhere in time  
When you're all alone  
What's gone is gone

Just walk away  
Tell me goodbye  
If that's what you want  
Don't tell me why  
It's not ok  
But that's your choice  
Let love pass you by

Maybe someday when you're searchin for somethin  
You'll realise what you've thrown away  
Then I'll be long gone so don't try and hold on  
There's no lookin back for today

Just walk away  
Tell me goodbye  
If that's what you want  
Don't tell me why  
It's not ok  
But that's your choice  
Let love pass you by

Let love pass you by
