

# Like Every Time Before

The Hollies

If you'd only realise  
I'd been happy with you once before  
Can't you let it be the same and more  
Without you fightin' me, fightin' me

If you could only look into my eyes  
Then you would see the truth within them lies  
That I am trying hard to bring us back together

You try so hard to complicate our love  
But underneath it all it's pride my love  
That's hurting us and keeping us apart

If you'd only realise  
I'd been happy with you once before  
Can't you let it be the same and more  
Without you fightin' me, fightin' me

If you'd only realise  
I'd been happy with you once before  
Can't you let it be the same and more  
Without you fightin' me, fightin' me

I start to wonder if it's worth it all  
But then I look at you and start to fall  
In love again like every time before  
Umm in love again like every time before  
Oh in love again like every time before
