

# Long Dark Road

The Hollies

It's over, well over  
In my mind and in my heart  
It's over, well over  
But then again it didn't have a good start

You'd tell me, try to sell me  
It could have been all I asked  
It's over, well over  
It's there and flows away  
A distant past

Now it's a long dark road  
Yes, a long dark road  
And you know I loved you  
Yes, you know I loved you

Now it's a long dark road  
Yes, a long dark road  
And you know I loved you  
Yes, you know I loved you

It's over, well over  
And we can't revive what's past  
It's gone now, moved on now  
But then again it didn't have a chance to last  
No, no, no, a chance to last

Now it's a long dark road  
Yes, a long dark road  
And you know I loved you  
Yes, you know I loved you
