Look at Life

The Hollies

Look at life, take a look around you Look at life, doesn't it astound you See the colours of the sky Watch the colours of a rainbow We're so lucky, you and I Look at life

It's there for us So why don't we use it Four seasons of the year All you do is choose it

Warm summers bring the sun,
And with the falling leaves the autumn
All the new things come with spring
Look at life

Warm summers bring the sun, And with the falling leaves we get the autumn, The autumn

You see a young boy pick a flower Why does he do it
He picks it for the one he loves
That's why he does it

He sees the colours of the sky, Watches the colours of a rainbow We're so lucky, you and I Look at life
