

Now's the Time

The Hollies

Now's the time to say that we're through
Now's the time because I'm through with you
You treated me so bad
What a time I had
With you whoah yeah times are bad, times are bad

I recall the times that used to be
We went out together happily
Then he came along
I knew that it was wrong
To treat me so whoah yeah times are bad, times are bad

I miss the times. I feel so blue
Without you my heart it's just runaway

Now's the time to say that we're through
Now's the time because I'm through with you
You treated me so bad
What a time I had
With you whoah yeah times are bad, times are bad

I miss the times. I feel so blue
Without you my heart it's just runaway
Ooh-ooh, run away
Ooh-ooh, run away
Ooh-ooh, run away
