

So Lonely

The Hollies

Every time I see you walking down
The street with my girl
I get a funny feeling
When I see you out with my girl

I get so lonely
I get so lonely without you
I get so lonely for you

See you everyday
And now I realize you're not mine
I know I just can't think
Of anything to do with my time

'Cos I'm so lonely
I get so lonely without you

Waiting (Oh I'm waiting oh I'm waiting)
Oh I'm waiting (Oh I'm waiting yes I'm waiting)
Waiting (Oh I'm waiting yes I'm waiting)
For your loving
To keep me satisfied forever
To keep me satisfied forever

If you get tired of her
Just her right on back to my arms
And then we'll start anew
And know that we never will part

I get so lonely
I get so lonely without you
I get so lonely for you
