

# Too Many Hearts Get Broken

The Hollies

You're the one I can see in your eyes  
You're the one You're the once in my life  
When you know there's a time  
For a love that survives  
I look at you I know that you are mine

I've been wrong when I thought I was right  
You go on puttin' hope in my life  
But a single mistake can be all that it takes

We're through  
Know we're gonna make it I know in my mind  
We're through  
If we're gonna make it then now is the time

Too many hearts get broken  
Too many dreams get blown away  
Too many hearts grow cold  
I know this time is the time

Cross my heart I can swear it's true  
All I need is the feeling in you  
Cause I've waited too long (waited too long) for it all to go wrong  
We're through  
Know we're gonna make it  
It's fate that we do  
We're through  
I could never face it a world without you

Too many hearts get broken  
Too many dreams get blown away  
Too many hearts grow cold  
I know this time is the time

The way she makes you burn  
Past the point of no return  
Love gone wrong leaves you cold as ice

Too many hearts get broken  
Too many hearts get broken

Too many hearts get broken  
Too many dreams get blown away  
Too many hearts grow cold  
I know this time is the time

Too many hearts get broken  
Too many dreams get blown away  
Too many hearts grow cold  
I know this time is the time

Too many hearts get broken  
Too many dreams get blown away  
Too many hearts grow cold  
I know this time is the time
