

When I'm Not There

The Hollies

When I'm not there
When I'm not there

Do you ever think of me
Do you ever talk of me
Do you ever ask for me
When I'm not there

Have you ever thought of me
Have you ever talked of me
Have you ever longed for me
When I'm not there

Wonderin' if you're true to me
And if our love will always be
I tried to get you by my side
But you said "No
No no no no no"

Don't you ever make me blue
Won't you let me call on you
And may all my dreams come true
When I'm not there

No no no no no
