

Whole World Over

The Hollies

Gonna search the whole world over
Gonna find the one I love
Even though it takes a hundred years

Gonna take the one the I love
Underneath the stars above
Makin' sure that she really cares

Happiness will be mine
Underneath the stars that shine
Here's hopin' she will be
Always standin' here by me

Gonna tell the whole world over
Now I found the one I love
Gonna praise and thank the Lord above

Happiness will be mine
Underneath the stars that shine
Here's hopin' she will be
Always standin' here by me

Gonna tell the whole world over
Now I found the one I love
Gonna praise and thank the Lord above
