

Beautiful Blue

Holly McNarland

From the picture on the wall
To the bed posts that touched them all
This is where I live
This is where I do my screaming

How do you say
I loved you in so many other ways
This is where I live
This is what I do best

Dreaming with so much ugliness
Waking up to all this beautiful blue
Beautiful you

From the time I walked in
To the point that we're both arguing
This is how I live
This is where I start screaming

How do you say
I've always felt this way
This is where I live
This is what I do best

Dreaming with so much ugliness
Waking up to all this beautiful blue
This beautiful you

Dreaming under all this ugliness
Waking up to all this beautiful blue

Dreaming under all this ugliness
Waking up to all this beautiful blue
Beautiful you
