

Just Like Me

Holly Valance

I'm stubborn get jealous and I'm always late
Impatient you might say but I'm prompt to hesitate
Forget those stories I told I tend to exaggerate
Do do do do do do do
Do you think that I should change?
(Do you think that I should change)?

It's just like me
To think what I said when the morning gone
It's just like me
To say I'm sorry but always stay to long
It's just like me
To be convinced that I might know you're wrong
It's just like me (it's just like me)
It's just like me

Get crazy it's my fault ah
I'm the queen of going mad
I don't mean to offend
But I came so good from that
I certain about something
I don't know what I do next
Do do do do do do do
I'm so god damn complex
(Oh no here I go again)

It's just like me
To think what I said when the morning gone
It's just like me
To say I'm sorry but always stay to long
It's just like me
To be convinced that I might know you're wrong
It's just like me (it's just like me)
It's just like me

If you were me
I bet you would run a mile
Hold on tight
I am going out with style
Be prepared 'cause this
This might take a while
(Just like me)

nah nah nah nah nah nah nah
nah nah nah nah nah nah nah
nah nah nah nah nah nah nah
nah nah nah nah nah nah nah

It's just like me
To think what I said when the morning gone
It's just like me
To say I'm sorry but always stay to long
It's just like me
To be convinced that I might know you're wrong
It's just like me (it's just like me)
It's just like me

It's just like me
To think what I said when the morning gone
It's just like me
To say I'm sorry but always stay to long
It's just like me
To be convinced that I might know you're wrong
It's just like me (it's just like me)
It's just like me
