

# I Don't Wanna Die

Hollywood Undead

R: I don't wanna die, I don't wanna die  
I don't wanna die so you're gonna have to  
I don't wanna die, I don't wanna die  
No I don't wanna die so you're gonna have to  
Blood is getting hotter, body's getting colder  
I told you once I'm the only one who holds her  
I don't wanna die, I don't wanna die  
I don't wanna die so you're gonna have to

I look inside of myself and try to find someone else  
Someone who's willin' to die as to watch you crying for help  
I know that blood will be spilled and if you won't then I will  
My grave will never be filled it's either kill or be killed  
So let heaven be told that some may come some may go  
Where I'll end up I don't know but I ain't dyin' alone  
I keep on asking the question can I be saved by confession  
You see this blood on my hands at least they're still reachin' to heaven  
I got to pick up the pieces I gotta bury 'em deep  
And when you look in my eyes I'll be the last thing you'll see

R:

Words turn into blood and the blood keeps on pourin'  
From every pour I wipe it off 'cause this just could be the moment  
Now someones gotta die and I'm my only opponent  
Cause I won't watch my baby cry so I keep on just goin'  
Am I a man or a beast it's mother nature at least  
Watch humanity cease cause it's our human disease  
You gotta kill when you gotta kill yeah that's what they say  
And I can't go against God's will you better pray  
Cause I'm an angel a demon yeah I'm hell and I'm heaven  
I'm everything you couldn't be now you believe in the devil  
I gotta Pick up the pieces I gotta bury them deep  
And when the dirt hits the coffin just go to sleep

R:

Now that I see...  
I see you buried  
Six feet Below

Another life goes into the night,  
I couldn't let 'em breathe 'cause I didn't wanna die

Now that I see...  
I see you buried  
Six Feet Below

It's not alright can you hear me as i cry  
I couldn't let you live 'cause I didn't wanna die
