

## Pain

## Hollywood Undead

(Now I can see your pain, I'm sorry  
Goodbye!  
I cry so hard  
Now I can see your pain, I'm sorry  
Goodbye!  
I cry tonight)

The necks of this youth  
With their necks through this noose  
We're told lies like its truth  
And we suspect that it's you  
So you strap them with the AK  
It's mother fucking may day  
They swear I'm fucking crazy  
Ain't nothing gonna save me  
I'm breaking I feel it  
I'm naked I'm kneeling  
I'm shaking I'm reeling  
My god I keep bleeding  
I watch the world die through crimson eyes  
I cry it turns to night  
I die I see the light  
And now I'll say goodbye

Now I can see your pain I'm sorry  
Goodbye  
I cry so hard  
Now I can see your pain I'm sorry  
Goodbye  
I cry tonight

If I could take all this pain away  
Use the rage of our youth today  
Whose to say that it's you to blame  
It's the people above you  
The ones who say that they love you  
Look what the world has come to  
So now it's time to say 'Fuck You!'  
If you care then they drug you  
And no one's there when they numb you  
Fill you with terror and crush you  
Pretend they care as they shove you  
So you look to me to find the truth  
And what I say is what you do  
But everyone you look up to  
Is really as fucked up as you  
Time is getting shorter  
With these enforced disorders  
And we get blamed and pushed around  
So who's the fucking villain now?

Now I can see your pain I'm sorry  
Goodbye  
I cry so hard  
Now I can see your pain I'm sorry  
Goodbye  
I cry tonight

We can't stop now  
We're so close now  
'Cause these times are almost over  
I won't give up  
So god save us  
It feels like were getting closer  
We can't stop now  
We're so close now  
'Cause these times are almost over  
I won't give up  
So god save us

Now I can see your pain I'm sorry  
Goodbye  
I cry so hard  
Now I can see your pain I'm sorry  
Goodbye  
I cry tonight  
Goodbye  
I cry tonight  
I'll cry tonight  
I cry tonight
