

# This Love, This Hate

Hollywood Undead

In a time of need only few can see what's wrong, millions tend to crawl  
But only those who choose can make it through this all  
Only few can sing like lions 'cause we sing until we're gone  
And we've got each other's backs until we're back where we belong

A woman held my shield and through the battles we did wrong  
A man would tell me wisdom through the static we were gone  
And maybe when we're gone our names will echo through the stars  
Every start's got its ending even when we've learned to rise above it all

These lies are leading me astray, it's too much for me to stay  
I don't wanna live this destiny, it goes on endlessly  
I see you, so please stay strong  
I'll sing you one last song and then I'm gone  
I don't wanna live this destiny, it goes on endlessly

And we once also had a story too  
You can see that good men only come in few  
Even in our greatest moments we may win or we may lose  
Every song's got its rules, you've got to learn to make it through

Maybe one day we can choose how it feels to be a woman or a man  
Without rules but buried underneath there's a picture glued  
So when my body burns in ashes only sing the truth  
Let these words strengthen all your views  
Because these words were meant for you

These lies are leading me astray, it's too much for me to stay  
I don't wanna live this destiny, it goes on endlessly  
I see you, so please stay strong  
I'll sing you one last song and then I'm gone  
I don't wanna live this destiny, it goes on endlessly

And now I'm floatin' right above my coffin as it closes  
I look down and I see Sai as she's cryin' on my mama's shoulder  
I look up into the sky as the gates of Heaven open  
Something's wrong, is this destiny or am I going home?

What will happen to my soul? Will I come back I don't know?  
Will you meet me when it's over and you know?  
You can meet me here in Heaven, don't you ever let me go  
This love, this hate is burning me away

These lies are leading me astray, it's too much for me to stay  
I don't wanna live this destiny, it goes on endlessly  
I see you, so please stay strong  
I'll sing you one last song and then I'm gone  
I don't wanna live this destiny, it goes on endlessly

These lies are leading me astray, it's too much for me to stay  
I don't wanna live this destiny, it goes on endlessly  
I see you, so please stay strong  
I'll sing you one last song and then I'm gone  
I don't wanna live this destiny, it goes on endlessly

This love, this hate is burning me away
