

# Whatever It Takes

Hollywood Undead

I do whatever it takes to make it  
Break through anything I'm face to face with  
It's true, you gon' make me lose my patience  
'Cause victory is mine and I'mma take it

So put your hands up high  
And wave them side to side  
And when I pull out the nine  
You better wave bye bye  
So take a page from my book  
Roll it up and get cooked  
Watch these ladies get hooked  
While all these haters get shook  
So put your hands up high  
And wave them side to side  
And when I pull out the nine  
You better wave bye bye

We gonna rise up to the top, we've been through it all  
Been to fucking hell and back, our backs against the wall  
Got the dove and grenade, flag on display  
And every fucking critic's gotta listen when we say

I do whatever it takes to make it  
Break through anything I'm face to face with  
It's true, you gon' make me lose my patience  
'Cause victory is mine and I'mma take it

So put your hands up high  
And wave them side to side  
And when I pull out the nine  
You better wave bye bye  
So take a page from my book  
Roll it up and get cooked  
Watch these ladies get hooked  
While all these haters get shook  
So put your hands up high  
And wave them side to side  
And when I pull out the nine  
You better wave bye bye

So just understand nothing gets in my way  
I could show you firsthand if you got something to say  
If you think you can hold me down, you better think twice  
'Cause I've been waiting for this moment every day of my life  
These fucking people always say the same old thing  
But you can't slay or conquer the king  
I'm from a nightmare, but I'm living the dream  
You need to back up if you're not with my team

'Cause I do whatever it takes to make it  
Break through anything I'm face to face with  
It's true, you gon' make me lose my patience  
'Cause victory is mine and I'mma take it

So put your hands up high  
And wave them side to side

And when I pull out the nine  
You better wave bye bye  
So take a page from my book  
Roll it up and get cooked  
Watch these ladies get hooked  
While all these haters get shook  
So put your hands up high  
And wave them side to side  
And when I pull out the nine  
You better wave bye bye  
You better wave bye bye  
You better wave bye bye  
You better wave bye bye  
You better wave bye bye
