

Lord of Nightmares

Holy Knights

There's a dream that troubles my mind tonight
A vision of what will be happening?
I'm trying to hold the fear in me
That this dream 'comes reality!

I pray the Godhead for my soul
Am I losing the way of faith? I can't just deny all those dreams
That warp my mind anyway.

Dark shadows are imprisoning me
They're bringing me to hell in suffer and pain

How many damned burn in the flames
They're screaming and twisting in demons land.

Welcome to hell; now your soul is mine
I can't escape from those gloomy voices
Welcome to hell pray for your new lord
I don't want to be slave to your evil power.

Why is this happening to me again?
I spent all my life for peace
My land will not fall in blood
I'll fight against the evil coming.

The lord of my nightmares is really here
With this horde of demon that are flying to me
Oh please my God guide my horse
I'll grasp my sword, I'll pray for my soul.

Now it's time to fight; I will take your soul
I won't be defeated; I'll fight my holy war
Don't dare to contrast the lord
My God is the only one, I'll give him my soul.

Now my battle is finally won
My hard mission is at the end
A new page of legend now is written
My name will remember this

I'm riding my horse through my holy land
Wherever the peace forever will reign
I hold my hand high to the sky
I hearing the angels, now I can die

Mighty warrior, live your life for peace
I feel like reborn to another life
Mighty warrior, spend your time for me
Is really the ending of nightmares lord dreams

Mighty warrior, are you ready to see?
A great shining angel is coming to me
Mighty warrior, your soul is flying to me
He's brought me to heaven beyond I'll see...!
