

## Current Of Death

Holy Moses

Waahhhhhhaaaa

About a world so brave and wise - The rising sun sublime  
After years back from the war - a new age of time  
But they haven't learned a thing - the cold war's going on  
It's an old nightmare of mine - the fight it can't be won

Current of death (3x)

In their minds there is no right - they say my brain ain't right  
Leaders, madness in their eyes - give orders to the blind  
The fishes in a waves their swimming with the stream  
I'm creeping in the desert, drowned in the sea

Current of death

Peace and freedom everyday - humanity decays  
Is god dead or has he gone - the devil is amazed  
Sadness fear in any thoughts, you will die, no way out

They survived the hellish breath, to live on in the....
