

# Hell On Earth

Holy Moses

Believe in my words, it's hell a on earth  
It's been a while since I felt so high  
Felt so high, felt so high  
But I feel you'll say goodbye?

It seems it's hard to talk for you  
But it's something I would like to do  
It will never be the same  
Because I am lost in your name

Today I will pay that bill and I will, to find you gone  
We are drawn to my desire  
Is that the demon you are running for?  
I wouldn't to be in love for you if I locked that door before

My heart therefore feels like it's tattoed  
With all the thoughts which came from you  
You feel okay, I'm still alone  
I have to take care of that danger zone

It's a hell on earth

You cried so long like a huge lost child  
You're digging for the answer worldwide  
You wonder while they understood you wrong  
Why you can't get it on

You told me the secrets of your life  
But now you guard them like a lie  
I have to cut your pictures on the wall  
Before your smile lets me rise and fall

I would like and liked to be at your side  
In all your secrecy, allowing your destiny  
Within your dreams, dreams, dreams, dreams, dreams, dreams  
And fight for your screams in dignity, far away from agony

Far away from agony, when you feel free  
But you forced my soul with needles, soul with needles, soul with needles  
Turned your lightning down on low  
And my love to you has to go like the snow

It's been a while since I felt so high  
But I feel you'll say goodbye?  
Ohh, I will miss you, just go away  
Unbound the feeling we just had today

Where wild storms dwell  
When loosened elements are tightened by a dream  
When I must feel this way  
When life has to be changed

Hell on earth, hell on earth, hell on earth  
Hell on earth, hell on earth, hell on earth  
Hell on earth, hell on earth, hell on earth  
Hell on earth, hell on earth, hell on earth
