

## On You

Holy Moses

I wish - I had - respect - 'cause I don't like me at all  
I'm stripped of all my pride  
The final process is now complete  
I kindly set me aside  
I wish - I had - respect - 'cause I  
Don't like loyalty - 'cause I  
Don't like dignity - 'cause I  
Don't like company - 'cause I  
Don't like myself - the real me  
I'm so fuckin weak  
I'm disgusted about myself  
I rip my heart out and surrender  
To my innerself  
How would you react - for yourself  
How would you feel - for yourself  
If everyone turned their back on you  
Respect  
How would you react - for yourself  
How would you feel - for yourself  
If everyone turned their back on you  
On - on you - they turned their back - on you  
I wish - I had - respect - 'cause I  
Don't like me at all
