My World

Holy Soldier

In My World, Things Are Not As They Appear, Looking Through Beyond The Mirror. In My World, It's Not Here Or Today, Surrounds Us All, I Can't Explain.

When Heaven And Earth Collide, One Day, Hello, Good-bye. Across The Divine , We Take A Step, It Opens Wide.

In This World, You'll Find That You Have Changed, Swallowed Up By That Remains.

It's Not Here Or Today, Surrounds Us All, I Can't Explain.

When Heaven And Earth Collide, One Day Hello, Good Bye. Across The Divide, And Right Before Our Eyes, We Take A Step, It Opens Wide.
