

Hey, think back when you were just a little kid, yeah  
When everything you did , you always had so much fun  
Lincoln logs and Tinker Toys  
At school the girls would chase the boys  
For some dumb reason  
I always ran

Kids just havin fun  
Nothing on our minds  
Never on the run  
Always havin a good time  
A good time

Hey think back when, you first started kindergarten  
When everyone in your class was your best friend  
Dig a ton of tunnels in the sand  
Painting pictures for our moms and dads  
Knowing that they would be so proud  
That "kid" resides in all of us, let it resound

Kids just havin fun  
Nothing on our minds  
Never on the run  
Always havin a good time  
A good time

A good time  
Always havin a good time  
Never wanting to grow old  
Never wanting to grow old

Kids just havin fun  
Nothing on our minds  
Never on the run  
Always havin a good time  
A good time
