Hey, think back when you were just a little kid, yeah When everything you did , you always had so much fun Lincoln logs and Tinker Toys
At school the girls would chase the boys
For some dumb reason
I always ran

Kids just havin fun
Nothing on our minds
Never on the run
Always havin a good time
A good time

Hey think back when, you first started kindergarten When everyone in your class was your best friend Dig a ton of tunnels in the sand Painting pictures for our moms and dads Knowing that they would be so proud That "kid" resides in all of us, let it resound

Kids just havin fun
Nothing on our minds
Never on the run
Always havin a good time
A good time

A good time Always havin a good time Never wanting to grow old Never wanting to grow old

Kids just havin fun
Nothing on our minds
Never on the run
Always havin a good time
A good time
