

Wrapping Up

Homeshake

Kind of feeling that I can't ignore
Do my best to try to smoke it off
That's for sure
happen anymore
Only do it when I'm feeling warm

And I don't know if this is coming back
So I roll up, sip it, and I feel alright
I ain't looking for some company
hurting me
Please don't take it personally

Wrapping up my leaves
I'm a little out of ease
And I'll have to smoke tomorrow we will see

Walking, feeling so above it all
I'm so high you got a problem, ma?
Cool it off
Take my medicine, I'm coming down
Could I be an extra channel now?

And I know everyone is coming back
So I roll up, sip it, and I feel alright
People make me feel uncomfortably
And it's only hurting me
Living it so easily

Wrapping up my leaves
I'm a little out of ease
And I better take another day
Wrapping up my leaves
I'm a little out of ease
And I'll have to smoke tomorrow we'll see
