

Bitch

Honey Cocaine

I was blessed with the skills to make a bitch feel like shit
I got the traits of a queen so bitch it is what it is
Tell my enemies remember me as long as they live
Cause I come through, I f**k shit up
Then I take your bitch
Ah, cut the lights out, been f**king with a lame bitch right now
Been battles from the first grade, first time I ever hit a bitch face, word
Excuse my attitude, still a goon gonna do what she have to do
All you hoes like snacks, f**k a diet though
I eat these rap bitches, stay quiet though

[Hook]

Off with your head, just show me the bread
I'm laughing at you hoes but I hustle instead
Off with your head, just show me the bread
I'm laughing at you hoes but I hustle instead
Can't help it if I'm icy bitch
I'm just an icy bitch
Can't help it if I'm icy bitch
I'm just an icy bitch
Can't help it if I'm icy bitch
I'm just an icy bitch
Can't help it if I'm icy bitch
I'm just an icy bitch

You weak ass bitch don't get from me
Shout at all my homies running lbc
From younging to og's, my armrest gold
You can tell it's me
Warrup with it, competing with a goon girl up with it
Shit load the gun, hoes copying me
So I better get a motherf**kin cuff for me
I'm nice with the flows, I swear I got is some fire
Prolly sign all you rappers by the time I retire
From the streets, better show me cheese
Just show your weed, so original and g
Follow my lead, you'll be sampling me

[Hook]

Off with your head, just show me the bread
I'm laughing at you hoes but I hustle instead
Off with your head, just show me the bread
I'm laughing at you hoes but I hustle instead
Can't help it if I'm icy bitch
I'm just an icy bitch
Can't help it if I'm icy bitch
I'm just an icy bitch
Can't help it if I'm icy bitch
I'm just an icy bitch
Can't help it if I'm icy bitch
I'm just an icy bitch
