

Clique

Honey Cocaine

Yeah, yeah I'm goddess, honey cocaine
bitch!

Listen, ok

Ain't no bitches f**king with my clique,
clique, clique, clique, clique
Ain't no bitches fresher than my
motherf**king clique, clique, clique,
clique

As I look around, they don't do it like
my clique, clique, clique, clique

And listen to my nigga bitch you better
suck the

Better suck the, better suck the, haha

All these jewels making everything I
sell gold

All my bitches wearing jordans and
chanel clothes

What's the smell bitch it's
motherf**king flower bomb

This your car, this your plane, this
your showers some

Beamer and the benz,

The season I'm spend

Bitch I'ma count that and smoke weed
with my friends

Then we X boxing, I'm dead as

Turning all of my bad ass

The tour bus, got a sugar pole

Now I bet these bitches gonn spread ass

Drinking all night, sleeping all day

I'm way to gold to care what you say

Bitch I'm about to blow, f**king tic
tac

And ain't no bitches f**king with my
clique

Ain't no bitches f**king with my clique,
clique, clique, clique, clique

Ain't no bitches fresher than my
motherf**king clique, clique, clique,
clique

As I look around, they don't do it like
my clique, clique, clique, clique

And listen to my nigga bitch you better
suck the

Better suck the, better suck the, haha

Click, clack, bang, bang, brat you hoe
I mix match a damn thang, the outfits
gold.

Now I ain't f**king with you industry
hoes

All you niggas are bitches y'all some
industry hoes

And I'ma blast if you talking shit

If you ain't bout it, get to walking
bitch
Cause my clique is full of hooligans
And I ain't tryna use a tooligan
Look I thank God it and I thank God
Shit my ass gonn get caught
Me and my clique walked to her cribs
And I guess her bitch have called the
cops
As the cops were on they way
I went out, she got robbed
And pussy got poked and pussy got
popped

Ain't no bitches f**king with my clique,
clique, clique, clique, clique
Ain't no bitches fresher than my
motherf**king clique, clique, clique,
clique
As I look around, they don't do it like
my clique, clique, clique, clique
And listen to my nigga bitch you better
suck the
Better suck the, better suck the, haha.
