

Don't Push Me

Honey Cocaine

All black whips when we come through
Don't you dare wail out or get kung fu
Well connected, who the hell you gonn run to
Hoes never learn, heard the big homie pumped you
f**k a knife bitch fight me instead
Actin like you brave, get a price on your head
Bitches who throwing punches get the most respect
Stay talking, don't get chopped from your legs
You a bitch raise your top off
Catch you round my way and get you chopped off
Yeah that honey twisted I am not soft
Screw face 24/7, don't get locked off

[Hook]

If I wasn't humble, I done been shut your shit up
Yeah I done been toss your shit up
Bitch I done been shut your shit up
Please don't push me, push me
Cause even the humblest are on humble
Got the base, sometimes nigga
Please don't push me, push me
Cause even the humblest are on humble
Got the base, sometimes nigga

The game done taught me all these niggas is bitch
See how I caught a bullet, give a f**k if you rich
None of these hoes loyal, all these hoes is pricks
Cause where the f**k's your honor, bitch you scared and ditched
What, should have been got your throat cut
It's why you quiet every time coca show up
Now you hating, let me ask you homie for what
You ain't close to real, homie the dough's up
Forgot one that gave you a pass
Told the homies chill, bitch I saved your ass
It would have been ugly, I won't lie to you
You a bitch but I told you I'ma ride for you

[Hook]

If I wasn't humble, I done been shut your shit up
Yeah I done been toss your shit up
Bitch I done been shut your shit up
Please don't push me, push me
Cause even the humblest are on humble
Got the base, sometimes nigga
Please don't push me, push me
Cause even the humblest are on humble
Got the base, sometimes nigga
