

Who Shot Me

Honey Cocaine

Uhn, Who shot cha'?
Said the mothaf**ka docta
Shit ion know, just pourin with my partna
They got the story mixed and shit.
With they own versions of different shit, Uhn

The same night I prayed to God,
Just thanking the holy father, he made a star
And shit

A youngin' still ain't die,
But let me thank destiny I'm still alive
So one time: Cause a youngin still alive
Two times: Cause a youngin ain't die
Three times: Cause fate had my side
Thank God, thank God, thank God

[Hook]
One time: Cause a youngin still alive
Two times: For the angle on my side
Three times: Cause fate had my side
Thank God, thank God, thank God

Just another show at the venue
Ordering a meal from the menus

Promoters got they info a mess
Tellin' other artist they part of our set, damn.
I ain't tryna disrespect, Ima artist myself
I'm just tryna be next, still!
We was tryna get shit done
While they gettin pressed and we ain't on nun
T raw hit the stage and the crowd was tooned
As I made my way to the dressing room
Rehursing, and practicing till I was sour
It was my turn and the out fit gold

Heisman one, and Heisman two,
Surprised all the people to pussy too
Showin the fans love and then I said peace
But still its a reason I ain't do meet and greets

[Hook x2]
One time: Cause a youngin still alive
Two times: For the angle on my side
Three times: Cause fate had my side
Thank God, thank God, thank God

We got in the car, we was waitin out side.
T-raw still on
It was almost off time, word
He was 'bout a spit rack city bitch
Then, the homies
Who was pissed tried to throw shit
But T-raw wasn't with it
Just world star, the homie
You'll see how he did it, damn

I ain't had a clue bout them guys
But I was being watched, cause I felt the vibe all day
And it grew with time
T-raw had a car and it look like mine
Ain't it f**ked up!
Green light changed red, ain't it f**ked up!
Its one car next to us, ain't it f**ked up
How the streets got dark, ain't it f**ked up?
15 thru the car, ain't it f**ked up?
We all got down, smellin my own blood
Waiting for a sound
Ain't feelin shit, I was Numb. Shocked and paralyzed
One from the gun bullets thru the tiers, stuck at the block
Listened to the screaming Then I felt God
Doctor said I was fine, it was just fait cause it wasn't my time
Uhn, Doctor said I was fine, it was just fait cause it wasn't my time
God bless

[Hook x2]

One time: Cause a youngin still alive
Two times: For the angle on my side
Three times: Cause fate had my side
Thank God, thank God, thank God

Shout out to the audibles
90's gold baby
H-Honey Cocaine, Bitch!!!
