

# Never Let You Down

Honeyz

Oh baby I love the way you treat me like a lady  
Sweet sugar you're so fine  
You're always making me crazy  
You are the reason why  
I feel the way I do now  
You've got to believe me can you hear me  
Cause I'm ready to show you how

(So baby if) and if I would go to heaven  
We could fly so high yeah  
Baby baby don't deny (baby don't deny)

I'll never let you down never run around  
Baby believe me  
Cause I will be there (I'll be there) always  
I'll never let you down, never mess around  
Baby believe me  
Never before have I felt something more than I do

If I told you a secret  
Would you turn and walk away  
(So good) So good, that baby you know what to say

(So baby if) and if I would go to heaven  
We could fly so high, yeah  
Baby, baby, don't deny (baby, don't deny)

I'll never let you down, never run around  
Baby believe me  
Cause I will be there (I'll be there) always  
I'll never let you down, never mess around  
Baby believe me  
Never before have I felt something more than I do

Whenever you're gone I think of  
Promises we made, never be afraid  
I keep holding on (I keep holding on)  
To the nights that we shared (ooh)  
It'll never be cold outside  
'cause every time you're near shadows disappear  
I'll be waiting (waiting) waiting for you  
I'll always be true (I'll always be true)

I'll never let you down, never run around (never let you down)  
Baby believe me (oh no)  
'cause I will be there (I'll be there)  
Always (always)  
I'll never let you down, never mess around  
Baby believe me (so baby, believe me)  
Never before (never before) have I felt  
Something more than I do (never felt this way)

I'll never let you down, never run around (never run around)  
Baby believe me (oh no)  
'cause I will be there (I'll be there)  
Always (always)  
I'll never let you down, never mess around (never mess around)

Baby believe me  
Never before have I felt something more than I do..
