

# I Might

Honne

Say hello to Tokyo  
I can see myself living right here  
I could lose ya in Shibuya  
Close your eyes and watch me disappear

Yeah, I might  
Yeah, I might  
I gotta get me out of this hole  
So come with me  
So come with me  
I gotta change my name by deed pole  
So come with me  
So come with me

I might, I might, yeah, I might  
Fake my death tonight, tonight  
Yeah, tonight  
So we can start a whole new life  
A new life, a new life  
Yeah, I know we're gonna be alright  
With no work, with no job  
With no boss, not a thing, no nothing  
We gon' be so much happier

So how do I go off the grid?  
How do I undo the things I did?  
'Cause Apple Z, don' work for me  
In the real world  
Can change my clothes, and shave my face  
But it's hard to just vanish without a trace  
And whose idea was this in the first place?

I might, I might, yeah, I might  
Fake my death tonight, tonight  
Yeah, tonight  
So we can start a whole new life  
A new life, a new life  
Yeah, I know we're gonna be alright  
With no work, with no job  
With no boss, not a thing, no nothing  
We gon' be so much happier  
We gon' be so much happier  
We gon' be so much happier

I might, I might, yeah, I might  
Fake my death tonight, tonight  
Yeah, tonight  
So we can start a whole new life  
A new life, a new life  
Yeah, I know we're gonna be alright  
With no work, with no job  
With no boss, not a thing, no nothing  
We gon' be so much happier

We could be so much happier  
We could, we could, we could  
We could be so much happier
