

Out of My Control

Honne

This morning I woke up
I don't recall the time
I had the most amazing dream
Oh but never mind
I'll tell you over breakfast in a minute
I wish you could have seen it
Let me rewind
But you really won't believe me
Not even if I said
I wonder what it means
Is goin' on in my head
You think I should be worried?
Man it's gettin' blurry
In my mind

I wish I could remember
Exactly what it was like
The things I'd do just to take me back
When I shut my eyes
And it's out of my control this time
Boy don't I know
Boy don't I know

I'm sorry for the wait
It's still a bit of a haze
This ain't no California dreamin'
More like a London daze
Teeth the right places
There are no spaces
In my mouth
Can you give a man a break?
And give his dog a bone?
I know I felt it at the time
But it's not real though
I am still here
Looking you clear
In the eye

I wish I could remember
Exactly what it was like
The things I'd do just to take me back
When I shut my eyes
And it's out of my control this time
It's out of my control this time
Boy don't I know
Boy don't I know
Boy don't I know
Boy don't I know
Oh, take me back
