

Rock With You

Honor Society

You know I'm thinking know I'm thinking
We should get some time alone
I try to keep from going under but the feeling's
just too strong
They say that opposites attract so you be right
and I'll be wrong
This groove is taking me to places that I never
thought I'd go

So buckle up your seatbelt get ready for impact
I'll be the first to tell you, the funk is coming back

I just wanna rock with you
Don't really care about a thing that they say
Never wanna stop with you
I'm tired of waiting come on over this way

I've fallen hard before
But no ones ever moved me like you do
You've heard the jealous talk well baby
They just wish they has this too

So buckle up your seatbelt get ready for impact
Just like I was saying you know opposites attract

I just wanna rock with you
Don't really care about a thing that they say
Never wanna stop with you
I'm tired of waiting come on over this way

Rock with you
I'm a fan of what you do
I wanna rock with you

Rock with you
I can see you want it too
I wanna rock with you
