

When the morning comes around
On the lonely side of the street
Is where I'm going to find you
Cause you couldn't see it then
That I'll always be more than just a friend
I've been inside you

You don't know, you don't care
You don't know when somethings there
You don't see, you don't believe
You're stumblin'

So I'm laughing thinking about
How I drive way out of my way
To pick you up and see you
You can break my confidence
Though I think about you from time to time
I'll always know where to find you

You don't know, you don't care
You don't know when somethings there
You don't see, you don't believe
You're stumblin'

You don't know, you don't care
You don't know when somethings there
You don't see, you don't believe
You're stumblin'

You know that you're better than that
Girl you're better than that, better than that
You know you're better than that
Girl you're better than that, better than that

You don't know, you don't care
You don't know when somethings there
You don't see, you don't believe
You're stumblin'

See, you don't know, you don't care
You don't know when somethings there
You don't see, you don't believe
You're stumblin'

You don't know, you don't care
You don't know when somethings there
You don't see, you don't believe
You're stumblin'

Ill try to pick you up
Ill try to catch you when you fall
Ill try to pick you up
Ill try to catch you when you fall
