

# Foot In Your Mouth

Hoobastank

I recognize that typical, cynical smile you wear on the front r  
ow  
I can hear you telling everyone about the other show  
You're the one with all of the friends  
But none are real cause you're a hypocrite  
Just remember that you did it yourself and you wonder how  
Just don't stick your foot in your mouth  
Never thought before you spoke  
You tell me what I want to hear  
Turn around and tell another  
Who you think you know  
Did you really think it wouldn't get back to me  
Fabrications that you spun so well  
Always ready with a tabloid story to tell  
So don't complain to me  
Shut your mouth and go quietly  
Cause it didn't have to be like this and you wonder how  
Just don't stick your foot in your mouth  
Didn't have to be this way  
You tell me what I want to hear  
Turn around and tell another  
Who you think you know  
But no one cares what you wanna say  
Don't bug me or any other  
Shut your mouth and go  
How can you live with yourself  
Knowing all the lies that you tell  
How can you live with yourself  
I know what you want and what you'll do  
To get your foot in the door or to just break through  
But you're never gonna get to where you want right now  
Cause you stick your foot in your mouth  
All you have to do is change
