

# Never Be Here Again

Hoobastank

we dedicate  
we sacrifice  
endless days and sleepless nights  
the payment, the price  
and finally  
here we are  
distances we've overcome  
so many, so far

now is the time, this is the place

so look around  
and take it in,  
enjoy this moment while you can  
'cause we may never be, never be here again  
every sound  
every sight  
remember how this feels tonight  
'cause we may never be, never be here again

years from now  
memories  
will fill our minds with images  
of how good it used to be  
so why don't we  
seize this day  
capture all the moments  
before time takes them away

now is the time, this is the place

so look around  
and take it in,  
enjoy this moment while you can  
'cause we may never be, never be here again  
every sound  
every sight  
remember how this feels tonight  
'cause we may never be, never be here again

no!

my heart's like a bomb that's about to go off...(feel my)  
pulse start to race, I can't catch my breath...(we've worked)  
too long, too hard to let it go to waste...(these are)  
moments in our lives that we'll never forget

so look around  
and take it in,  
enjoy this moment while you can  
'cause we may never be, never be here again  
every sound  
every sight  
remember how this feels tonight  
'cause we may never be, never be here again
