

# Day Dreamin'

Hoodie Allen

Day Dreaming, and I'm thinking of you..  
Alright, look,  
Just a day dream, just another memory  
Just another beat to rock, just another melody.  
My mind's sprinting like it's tryna get ahead of me  
And when we out in public you been actin' like my enemy.

So sorry to OB, another debt reference  
It doesn't even matter me get paid like severance  
Seven, figures in my bank account  
And you wonder why I'm payin' when I take 'em out.

Say it now like tourettes, if I'm down to be next,  
Then why's it kinda feeling like the opposite?  
I'm playing down like the Mets, so I found that it's best,  
To be the Underdog 'cause no one like the obvious.  
The Lobby is filled with people, they robbing us,  
I'm Robin Hood, I'm stealing back,  
Probably never popular, but stopping us up in our tracks,  
Quick sand, fame is not a quick plan,  
I don't plan on going home,  
I plan on going big, Man.  
Damn.

Day Dreaming, and I'm thinking of you.. I hit it with the.. (I hit it with t  
he..)  
Day Dreaming, and I'm thinking of you.. I hit it with the.. (I hit it with t  
he..)  
Day Dreaming, and I'm thinking of you.. I hit it with the.. (I hit it with t  
he..)  
Day Dreaming, and I'm thinking of you.. Check it out...  
Check it out...

No no no no matter how hard I deny it,  
It's time to face maturity,  
Pops telling me to get a job with security,  
Surely, oh with my girls, that he tryna hurry me,  
He got me asking questions, thinking twice about her purity.  
Nah, I shrug it off, it could never be the case,  
Told her omelet I make leave egg in my face  
Just eggs and no hate,  
Burny made off she's rotten  
Play another show and I'll get another  
Broad in the Audience  
Always a promise, but I'll never call  
Gotta them wrapped around my finger just like it's a tether ball  
Instant satisfaction, later I'm feeling terrible  
'Cause I can't replace 'em, then it's uncomparable.  
Aha - I'm just kidding  
Are you catching on, Jason Witten  
She says she into fitness  
And wants to have my kids quick  
I run out and tell her that I'm late to handle business.  
I'm never coming back.

Day Dreaming, and I'm thinking of you.. I hit it with the.. (I hit it with t  
he..)

Day Dreaming, and I'm thinking of you.. I hit it with the.. (I hit it with t  
he..)

Day Dreaming, and I'm thinking of you.. I hit it with the.. (I hit it with t  
he..)

Day Dreaming, and I'm thinking of you..

Sad that I think about something else that I can't do,  
but I'm thinking of you (but I'm thinking of you)

Sad that I think about something else that I can't do,  
but I'm thinking of you (but I'm thinking of you)
