

Something's Coming

Hoodoo Gurus

There's a feeling that I just can't shake
A premonition it's all about to break
I don't know what to do
To help it come on through
Send a message, sign it S.O.S.
Hear me crying in the wilderness
I hope my signal's clear just like Paul Revere
Something's coming, it could mean life or death
People tell me to give 'til it hurts
And everybody gets their just dessert
All I ask of you, remember, it takes two
It sure takes two
Watch your back, my friend
You're gonna lose your shirt
You can trust me, I never kiss and tell
Better hurry before you break the spell
If it's an uphill climb
There's no better time that you will find
Than the present, starting with yourself
Something's coming, start with yourself
