

Bastard

Hoods

Everyday - my dreams slip away - i wont go out without a fight
everyday - my life is taken from me - i wont go out without a
fight

treat me as the bastard - life is cold - i'm so lost

these days drag on and on - minutes to years - years that i've
lost

bastard - bastard

bastard - the life you gave - is the life that you took

bastard - the life you gave - is the life no one deserves

bastard - bastard
